INTERNATIONAL PRELIMINARY EXAMINATION REPORT

International application No.
PCT/SE02/00951

r.	Basi	sis of the report				
1.	1. With regard to the elements of the international application:*					
		the international application as originally filed				
		the description:	on aniainathy filad			
		pages	, as originally filed , filed with the demand			
		pages	filed with the letter of			
		pages,1	med with the fetter of			
		the claims:	, as originally filed			
		pages	as amended (together with any statement) under article 19			
		Pag-an	, filed with the demand			
		pages	filed with the letter of			
		pages, the drawings:				
			, as originally filed			
		pages	, filed with the demand			
		pages ,	filed with the letter of			
		the sequence listing part of the description:				
		pages	, as originally filed			
		pages	, filed with the demand			
		pages ,	filed with the letter of			
the international application was filed, unless otherwise indicated under this item. These elements were available or furnished to this Authority in the following language which is: the language of a translation furnished for the purposes of international search (under Rule 23.1(b)). the language of publication of the international application (under Rule 48.3(b)). the language of the translation furnished for the purposes of international preliminary examination (under Rules 55.2 and/or 55.3). 3. With regard to any nucleotide and/or amino acid sequence disclosed in the international application, the international preliminary examination was carried out on the basis of the sequence listing: contained in the international application in written form. filed together with the international application in computer readable form. furnished subsequently to this Authority in written form. The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the international application as filed has been furnished. The statement that the information recorded in computer readable form is identical to the written sequence listing has been furnished.						
4	١. []	The amendments have resulted in the cancellation of:				
		the description, pages				
		the claims, Nos.				
		the drawings, sheet/fig				
	This report has been established as if (some of) the amendments had not been made, since they have been considered to go beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2 (c)).**					
* Replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are referred to in this report as "originally filed" and are annexed to this report since they do not contain amendments (Rules 70.16 and 70.17).						
*:	** Any replacement sheet containing such amendments must be referred to under item I and annexed to this report.					

Form PCT/IPEA/409 (Box I) (January 1998)

INTERNATIONAL PRELIMINARY EXAMINATION REPORT

International application No.

PCT/SE02/00951

V. Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement

1.	Statement
1.	Statement

Novelty (N)	Claims Claims	1-19	YES NO
Inventive step (IS)	Claims Claims	1-19	YES NO
Industrial applicability (IA)	Claims Claims	1-19	YES NO

2. Citations and explanations (Rule 70.7)

Documents cited in the International Search Report:

- D1. US 4481952 A
- D2. EP 0662304 A1
- D3. US 4239040 A
- D4. EP 0460327 A1

The cited documents represent the general state of the art.

The invention defined in claims 1-19 is not disclosed by any of these documents.

The cited prior art does not give any indication that would lead a person skilled in the art to the claimed device for obtaining samples of internal body substances in the digestive system of humans. Therefore, the claimed invention is not obvious to a person skilled in the art.

Accordingly, the invention defined in claims 1-19 is novel and is considered to involve an inventive step. The invention is industrially applicable.
